

CARLYLE 60" HOME OFFICE DESK

SKU: CAR-699

With its tapered legs, sleek lines and ample storage space, the Carlyle home office desk works a great look for fans of contemporary style. Bathed in a rich finish with brushed nickel-tone hardware and a drop-down keyboard tray, it's deceptively cool. What looks like three small drawers on the left is actually a file cabinet. On the right? No illusion—three handy drawers. Made of veneers, wood and manmade wood. Hand-finished. Nickel-tone hardware. Drop-down keyboard tray. 3 drawers. 1 file drawer. Assembly required.
